Betty Phillips papers

Repository Australian National Botanic Gardens Library

Date Range 1952 - 1973

Details

There are three boxes of Dr Phillips's papers held in the library of the Australian National Botanic Gardens where she worked from 1960 to 1973. The papers relate to her Master of Science degree in Botany, her Doctor of Philosophy research, her work for the Snowy Mountains Hydroelectric Authority and for the Canberra Botanic Gardens and include correspondence, reports, notebooks and lists of plants and seed collected on field trips.
